for all the family

# Teambuilding

Team building is such a wonderful concept, but what is it?

**The spectrum is immense:**

- At one end of the spectrum a social gathering will be sufficient.
- At the other end we are looking at personality profiles and psychological analysis.
- Adventure Norway focus's on the social end of the spectrum however we have partner's world wide that allows us to offer the complete spectrum.

**Please contact me directly for tailor made team building world wide**
